COURT SUPERVISOR 3

Range: 14

EEO4: 06

SOC 43-1011

Class Code: C4323

Definition:

Under general direction, a Court Supervisor 3 serves as the working supervisor of four or more employees in a division of a large court. This is a supervisory job class with substantial authority to employ, discipline, and adjudicate the grievances of subordinate employees.

Distinguishing Characteristics:

Positions in the Court Supervisor series serve as supervisors or assistant supervisors of organizational units within the trial courts. Court Supervisors are delegated supervisory responsibility for clerical, technical, and paraprofessional positions in the court system. The level of supervision exercised is an important distinguishing characteristic and is an integral part of the duties and responsibilities of positions allocated to this class series. Supervision of staff is the primary distinction between positions in the Court Supervisor series and positions in the Court Case Manager series.

The Court Supervisor 3 is the supervisor of one or more departments in a large court where work units are organized and defined by specialized functions. Supervision is a primary duty of a Court Supervisor 3.

The Court Supervisor 3 is distinguished from the Court Supervisor 1 and 2 by the designation of the Court Supervisor 1 and 2 as either an assistant supervisor or the supervisor of a small division in the trial courts.

Duties require detailed knowledge of one or more court functions (criminal, civil, traffic, etc.). Incumbents must be able to analyze facts and apply the policies, rules and procedures to situations not previously encountered. Duties require working independently toward general results, devising new methods, modifying or adapting standard procedures to meet new situations.

Duties require training and experience to: apply statutes, regulations, rules, and prescribed practice; select the appropriate rule or procedure; and make decisions that normally have a higher consequence of error. Incumbents must make difficult or complex decisions within the scope of the applicable policies and procedures, and be able to use independent judgment in so doing.

Supervision Received: Court Supervisors 3 receive general direction from the Clerk of Court or other supervising authority. Routine detailed work is rarely reviewed. Supervision and evaluation are based on the overall production and efficiency of the functions and staff supervised by incumbents in this classification.

Supervision Exercised: Court Supervisors 3 are responsible for the recruitment, training, evaluation, and discipline of Court Case Managers and other staff. They may also settle informal disputes or recommend resolutions among subordinate employees. Responsible, independent judgment is exercised in these functions.
