IT IS ORDERED:

Administrative Rule 40 is amended to read as follows:

Rule 40. Index to Cases.

(a) The court system shall maintain an index by last name of every party named in every case filed, regardless of whether a party's true name is protected in the public index under paragraphs (b) or (c) of this rule. The index must show the party's name, the case number, the case caption or title, the filing date, the case type, and other information required for that case type by court rule. The index may show the party's date of birth. The index shall be an accurate chronological record of the case's filings and events as they actually occurred in the case. If subsequent case filings amend or purport to correct a prior filing or event, the existence of the initial filing or event having occurred shall be maintained along with the amended filing, so that the index is at all times a record of actual filings and events in the case. The court system shall publish a public version of the index on the court system's website, which excludes only
